

Service Centre Repair Request Form

**PLEASE FILL-IN ONLINE
&
PRINT IF POSSIBLE**

Please ship repair orders to:
53 Ellempsea Circuit
Lonsdale, South Australia 5160

Fax: +618-8186-3052
service@modelflight.com.au

Important Note:

All Repairs must include this form and the Repair Packing List:

All items should be packed to assure no damage is incurred during shipping or the service process. In a service style situation we may require ALL items to be returned to enable complete assessment of potential problems.

Ship Return:

Please insure packages and avoid ship methods or carriers that do not provide tracking if freight is required. Model Flight is not responsible for damage incurred during the shipping process or for packages shipped to, but not received by Model Flight. Some items such as model engines and LiPo batteries require special care in shipping. Please see the manufacturer's instructions before shipping.

Terms and Conditions

- All merchandise is the responsibility of the shipper until it arrives to Model Flight. Therefore, Model Flight is not responsible for items lost or damaged in transit to Model Flight.
- Warranty only applies as described by the product manufacturer and on products accompanied by a dated proof of purchase. Warranty repair or replacement decisions are at the sole discretion of Model Flight.
- Collateral damage is NOT covered by manufacturer warranty. All non-warranty inspections and repairs are charged at a minimum of 1hour of labour, and labour is charged at \$35 per hour (subject to change without notice). All charges for repair parts, labour, shipping and other fees are your responsibility. Non-payment can result in confiscation of equipment.

I understand and agree with the above terms and conditions.
